

If you have Medicare or will become eligible for Medicare in the next 12 months, a new Federal law gives you more choices about your prescription drug coverage, starting in 2006. Please see the following letter for more details on your rights. **IT IS IMPORTANT THAT YOU KEEP THIS LETTER FOR YOUR RECORDS.**

If you are eligible for Medicare now, part of the decision you make will be based on the prescription drug coverage you have now through Westminster College. The attached notice will tell you whether or not our coverage is at least as good as the coverage available under the new Medicare Prescription Drug program. Careful attention to this notice will help you decide whether you should stay with the coverage we provide you, or whether you may want to enroll in the Medicare prescription drug program now to avoid paying a higher price later.

You may have other family and friends who have Medicare that don't have employer or union sponsored health insurance coverage. The factors relative to their decisions about the Medicare prescription drug program will be different, and will be based on their personal circumstances.

More information is available to help you, your family, and friends make decisions regarding the new Medicare prescription drug plans at 1-800-Medicare or www.Medicare.gov.

Even if you are not eligible for Medicare, you may have friends or family members who are. This is the first time in the history of Medicare that coverage for prescription drugs has been available through the Medicare program. It is important that they enroll for the coverage during the special enrollment period in order to avoid paying a higher price for the coverage later. You should encourage them to pay close attention to all the materials they are receiving from the Center for Medicare and Medicaid services (CMS). If they need more help, they can call 1-800-Medicare or go to www.Medicare.gov.

It is also important for you to know that for people with limited income and resources, extra help paying for a Medicare drug plan is available. Information regarding this extra help is available through the Social Security Administration. For more information you should call 1-800-772-1213 or go to www.socialsecurity.gov.

Important Notice from **Westminster College** About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription coverage with **Westminster College** and prescription drug coverage available for people with Medicare. It also explains the options you have under Medicare prescription drug coverage and can help you decide whether or not you want to enroll. At the end of this notice is information about where you can get help to make decisions about your prescription drug coverage.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans that offer prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. **Westminster College** has determined that the prescription drug coverage offered by Altius Health Plans is, on average for all participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay and is considered Creditable Coverage.

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay extra if you later decide to enroll in Medicare coverage.

Individuals can enroll in a Medicare prescription drug plan when they first become eligible for Medicare and each year from November 15th through December 31st. Beneficiaries leaving employer/union coverage may be eligible for a Special Enrollment Period to sign up for a Medical prescription drug plan.

You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

If you do decide to enroll in a Medicare prescription drug plan and drop your Westminster College prescription drug coverage, be aware that you (and your dependents) may not be able to get this coverage back.

Please contact us for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

Your prescription drug coverage through Altius Health Plans provides 3 tiers of copays:

- \$10 for generic drugs
- \$25 for preferred name brand drugs
- \$50 for non-preferred name brand drugs.

Your current coverage pays for other health expenses, in addition to prescription drugs. If you remain eligible for and covered by your current health policy sponsored by **Westminster College**, you will be eligible to receive all of your current health and prescription drug benefits if you also enroll in a Medicare prescription drug plan.

You should also know that if you drop or lose your coverage with **Westminster College** and you don't enroll in Medicare prescription drug coverage after your current coverage ends, you may pay more to enroll in Medicare prescription drug coverage later.

If you go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium will go up at least 1% per month for every month you did not have that coverage. For example, if you go nineteen months without coverage, your premium will always be at least 19% higher than what many other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to enroll.

DEFINITIONS

Group Health Plan means, for purposes of this Notice, the following employee benefits that we provide to our employees and employees’ dependents: Medical Coverage.

Protected Health Information (“PHI”) means individually identifiable health information, as defined by HIPAA, that is created or received by us and that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or for which there is a reasonable basis to believe the information can be used to identify the individual. PHI includes information of persons living or deceased.

USES AND DISCLOSURES OF YOUR PROTECTED HEALTH INFORMATION

The following categories describe different ways that we use and disclose PHI. For each category of uses and disclosures we will explain what we mean and, where appropriate, provide examples for illustrative purposes. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted or required to use and disclose PHI will fall within one of the categories.

Your Authorization – Except as outlined below, we will not use or disclose your PHI unless you have signed a form authorizing the use or disclosure. You have the right to revoke that authorization in writing except to the extent that we have taken action in reliance upon the authorization or that the authorization was obtained as a condition of obtaining coverage under the group health plan, and we have the right, under other law, to contest a claim under the coverage or the coverage itself.

Uses and Disclosures for Payment – We may make requests, uses, and disclosures of your PHI as necessary for payment purposes. For example, we may use information regarding your medical procedures and treatment to process and pay claims. We may also disclose your PHI for the payment purposes of a health care provider or a health plan.

Uses and Disclosures for Health Care Operations – We may use and disclose your PHI as necessary for our health care operations. Examples of health care operations include activities relating to the creation, renewal, or replacement of your Group Health Plan coverage, reinsurance, compliance, auditing, rating, business management, quality improvement and assurance, and other functions related to your Group Health Plan.

Family and Friends Involved in Your Care – If you are available and do not object, we may disclose your PHI to your family, friends, and others who are involved in your care or payment of a claim. If you are unavailable or incapacitated and we determine that a limited disclosure is in your best interest, we may share limited PHI with such individuals. For example, we may use our professional judgment to disclose PHI to your spouse concerning the processing of a claim.

Business Associates – At times we use outside persons or organizations to help us provide you with the benefits of your Group Health Plan. Examples of these outside persons and organizations might include vendors that help us process your claims. At times it may be necessary for us to provide certain of your PHI to one or more of these outside persons or organizations.

Other Products and Services – We may contact you to provide information about other health-related products and services that may be of interest to you. For example, we may use and disclose your PHI for the purpose of communicating to you about our health insurance products that could enhance or substitute for existing Group Health Plan coverage, and about health-related products and services that may add value to your Group Health Plan.

Other Uses and Disclosures – We may make certain other uses and disclosures of your PHI without your authorization.

- We may use or disclose your PHI for any purpose required by law. For example, we may be required by law to use or disclose your PHI to respond to a court order.
- We may disclose your PHI for public health activities, such as reporting of disease, injury, birth and death, and for public health investigations
- We may disclose your PHI to the proper authorities if we suspect child abuse or neglect; we may also disclose your PHI if we believe you to be a victim of abuse, neglect, or domestic violence.
- We may disclose your PHI if authorized by law to a government oversight agency (e.g., a state insurance department) conducting audits, investigations, or civil or criminal proceedings.

- We may disclose your PHI to the proper authorities for law enforcement purposes.
- We may disclose your PHI to coroners, medical examiners, and/or funeral directors consistent with law.
- We may use or disclose your PHI for cadaveric organ, eye or tissue donation.
- We may use or disclose your PHI for research purposes, but only as permitted by law.
- We may use or disclose PHI to avert a serious threat to health or safety.
- We may use or disclose your PHI if you are a member of the military as required by armed forces services, and we may also disclose your PHI for other specialized government functions such as national security or intelligence activities.
- We may disclose your PHI to workers' compensation agencies for your workers' compensation benefit determination.
- We will, if required by law, release your PHI to the Secretary of the Department of Health and Human Services for enforcement of HIPAA.

In the event applicable law, other than HIPAA, prohibits or materially limits our uses and disclosures of Protected Health Information, as described above, we will restrict our uses or disclosure of your Protected Health Information in accordance with the more stringent standard.
