WHICH CATEGORY FITS YOU BEST?

Look at the academic catalog online as introduced on the previous page for information on program areas, goals, and potential courses.

_____ Category 1  Undeclared
I am not sure that I feel ready to make a program choice and will leave my options open. I want to use my freshman year to explore as many areas as possible. I have skills in many areas listed above and am not sure what I would like to focus on.

_____ Category 2  Business
I want to learn more about the world of national and international business. I want to explore careers in accounting, aviation, economics, finance, financial services, international business, management, or marketing. I have good skills in math, writing, reading, and critical thinking.

_____ Category 3  Arts & Sciences
A. Humanities
I am interested in exploring these areas of liberal arts and want to learn more about art, anthropology, communications, English, gender studies, history, languages, music, philosophy, religion, political studies, pre-law, psychology, sociology, or theatre. I have good skills in reading, writing, and critical thinking.

B. Sciences
I am interested in programs that are math and/or science intensive. I want to explore biology, chemistry, computer science, engineering, environmental studies, mathematics, physics, or pre-med and other pre-professional health programs. I have good skills in math, science, and experience with practical application and scientific reasoning.

_____ Category 4  Nursing
I want to prepare for licensure as a registered nurse. I enjoy classes that are math and science intensive, and I have good skills in these areas. I am also a good communicator and enjoy working with people.

_____ Category 5  Education
I want to pursue licensure as a teacher in special education or elementary school. I also have interests in areas listed above that will help me choose my teaching major or minor. I have good reading, writing, and problem solving skills, am a good communicator, and enjoy working with children.
