Aviation Department Mission Statement

We provide distinctive learning opportunities for aviation students by supporting the broad mission and goals of Westminster College and by helping them gain the specialized knowledge, skills, attributes and attitudes necessary for recognition as outstanding aviation professionals.

Strategies

- Encourage development of learning environments that engage our students.
- Provide students with learning situations that enable them to apply their knowledge skills and attitudes to actual or simulated learning situations that will help build sound judgment, good decision making abilities and professionalism.
- Demonstrate a commitment to student success.
- Maintain faculty and staff awareness of the knowledge, skills and attitudes expected of professionals in the industry through participation in professional activities.
- Emphasize high academic standards and model professionalism.
- Maintain a commitment to continuous improvement, effectiveness and value.
- Assess changes in knowledge, skills and attitudes related to aviation program experiences and make revisions necessary to enhance program effectiveness.
- Use programs and practices that assure the highest level of safety in the flight operation and provide an exemplary model of aviation professionalism.
