WESTMINSTER COLLEGE
HIGH EFFICENCY VEHICLE PARKING
CAR POOL PARKING

There are spots reserved in the Jewett Parking lot for high efficiency vehicles and vehicles that are used as part of an employee or student car pool arrangement. In order to receive a permit that allows you to park in one of these spaces, you must select the appropriate permit when you purchase your Westminster Parking Permit online.

If you are unsure if your vehicle qualifies as a HIGH EFFICENCY VEHICLE you may go to the following website to check the list of LEED certified green cars:

http://www.greenercars.org/news/list-leed-qualified-cars

Cars with a car pool permit may park in the designated spots as long as two or more individuals are riding in the vehicle when parked there. Vehicles observed parking there with only one individual may cited even if they display a car pool permit.
