WELCOME TO THE PATHFINDER PROGRAM
A PROGRAM OF EXPLORATION

1 Call the START Center to make your first advising appointment. New students must have a START Center advisor signature to finalize registration.

2 Read and complete guides 1, 2, & 3 in this packet to get an overview of your first advising appointment. This is the first step to becoming actively involved in the advising process.

3 Pathfinder Guide 2 helps you determine which Math and English courses you should take first. If you need to take a Math Placement test, please tell us when you make your advising appointment. Your score is available immediately and will help us advise you. You may use a graphing calculator for the test—please bring one with you.

4 Pathfinder Guide 3 helps you develop potential class options that you can discuss with your advisor.
