PATHFINDER GUIDE 2

ACADEMIC PROFILE FOR ____________________________________________________________

STUDENT ID# ________________________

ACT/SAT score: ________________________

Math ________________________

Challenge your math class placement by scheduling an Accuplacer test in the START Center when you make your advising appointment. Bring a calculator with you.

ADVANCED PLACEMENT (AP) EXAMS:
If you passed an AP exam in high school, you may be able to receive college credit. A score of 3 is the minimum accepted by the college; however, individual departments may require a score of 4 or 5. Ask your advisor about how AP credit transfers to Westminster College.

CONCURRENT CREDIT:
College credit may be awarded for coursework completed in high school in conjunction with a local college. Official transcripts from the college must be submitted to the Admissions Office. You will receive a copy of the Transfer Evaluation Summary in the mail. Your advisor will discuss with you how these credits may affect your choice of classes at Westminster.

INTERNATIONAL BACCALAUREATE (IB):
Credit may be given for selected higher level (HL) and standard level (SL) International Baccalaureate examinations. Students are required to submit official transcripts from the International Baccalaureate Organization upon admission to Westminster. Ask your advisor about how IB credits transfer to Westminster College.
